

## GNR 2019 – Stagecoach Newcastle

### Junior and Great North Run 2019 on Saturday 7 and Sunday 8 September affecting City Centre services

Due to road closures associated with the Junior Great North Run and The Great North Run, services through the City Centre will be subject to route changes and possible localised delays.

Services in the area will divert as follows:

#### Saturday 7 September 2019

- The Central Motorway and Claremont Road will be closed from around **8pm** to allow organisers to set up for the main GNR event on Sunday 8 September. **Services 10 and 11** between North Kenton and the City Centre will be unable to stop on Claremont Place or Claremont Road in either direction. Services will therefore divert non-stop via the Great North Road and Grandstand Road, re-joining the normal route on Kenton Road. Passengers are advised to use the bus stops at Barras Bridge or Kenton Road in both directions.
- **Services X47, X77, X78, X87 and X88** will not be able to observe stops on Claremont Place, Claremont Road (Merz Court) or at Barras Bridge in either direction. These services will instead divert from Eldon Square Bus Station and run non-stop via Gallowgate, Barrack Road, Ponteland Road and Grandstand Road, re-joining the normal route on the Central Motorway. Passengers for the **X47, X77, X78, X87 or X88** should use the stops at Eldon Square Bus Station for their journey.

#### Sunday 8 September 2019

- Claremont Road and the Central Motorway will remain closed until around **8pm** on Sunday 8 September. **Services 10 and 11** between North Kenton and the City Centre, in both directions, will therefore be unable to stop on Claremont Place or Claremont Road. As a result, services will divert non-stop via Great North Road onto Grandstand Road, re-joining the normal route at Kenton Road.  
Due to a temporary closure of the Great North Road between **10:00am and 11:00am**, **services 10 and 11** will change diversion route and operate non-stop via Gallowgate, Barrack Road, Ponteland Road and Grandstand Road, re-joining the normal route on Kenton Road. Passengers to/from Newcastle City Centre should use the bus stops at Barras Bridge or Kenton Road for their journey.
- Until Claremont Road and North West Radial Road are reopened at around **6pm**, services **X47, X77, X78, X87 and X88** will not be able to observe the stops on Claremont Place, Claremont Road (Merz Court) or at Barras Bridge in either direction. These services will instead divert from Eldon Square Bus Station running non-stop via Gallowgate, Barrack Road, Ponteland Road and Grandstand Road, re-joining the normal route on the Central Motorway. Passengers for the **X47, X77, X78, X87 and X88** should use the stops in the Eldon Square Bus Station for their journey.
